Invisible Filter For Smarter Business

There are 3 Critical Guardrails to outwits your enemies. They will protect you, family and business. Very useful as *invaluable preparatory guide for startups, and existing business cultivating growth.*

I will give you a sneakpeek at #1 and you can get #2 and #3, from NTSL 3% Club Coaching Meeting where we do a deep dive, and the full strategy from 3% Club exclusive members-only video-audio podcast.

These guardrails are in *the order of importance*:

#1 Reputation Guardrail. A person of Character always live by Principles. Living by Principles is Integrity (Holiness for the sons and daughters of the Kingdom of Heaven). Your Integrity will protect you, your family, your

business, and those that you are leading in the **right** direction of life.

The three core qualities you need to be successful at anything in life are: Integrity (you always do what you say you would do), Intelligence (a good level of education ... unlocking your smartness) and Energy (you show up when it matters).

If you don't have Integrity, the other two will kill you or put you in jail, whichever comes first... it's like being dumb and lazy. Being Smart and Energetic only goes with Integrity.

You will never unlock the potentials in you without a good education... mastery of **Reading, Writing and Numbers**.

If you match your Integrity with your IQ and Energy, you will get extraordinary results wherever you live anywhere in the world. [Learn More](#).

Become Uncommon Problem Solver.

The world is in extreme short supply of problem solvers. When crisis comes the world looks for Gifts/Talents...

The greatest life's treasures, in my opinion, are **Sound Mind and Healthy Body**. If you have God on your side, and those two things working for you, you can conquer any mountain.

This coaching session (with one of the complementary eNotes) address some of the issues to do with your health. **Your health is 100% your responsibility**; and for those who know their God and have a relationship with Him, Healing is God's responsibility.
